The image features a background of an industrial facility, likely a refinery or power plant, illuminated at night. The scene is dominated by a large, complex structure with multiple levels, scaffolding, and tall towers. The lighting is a mix of bright white and yellow, creating a high-contrast scene against the dark night sky. A prominent diagonal graphic element, a dark red-to-purple gradient bar, cuts across the image from the bottom left towards the top right, partially obscuring the industrial background. In the foreground, there are some lower-level structures, including what appears to be a curved concrete barrier or walkway with railings, and some utility equipment. The overall atmosphere is industrial and modern.

Important notice

Not for distribution in the United States

The information contained in this presentation is for information purposes only and does not constitute or form part of, and should not be construed as, any offer or invitation to sell or issue or any solicitation of any offer or invitation to purchase or subscribe for any units in Keppel Infrastructure Trust ("KIT") and the units in KIT (the "Units") or rights to purchase Units in Singapore, the United States or any other jurisdiction. This presentation is strictly confidential to the recipient, may not be reproduced, retransmitted or further distributed to the press or any other person, may not be reproduced in any form, may not be published, in whole or in part, for any purpose to any other person with the prior written consent of the Trustee-Managers (as defined hereinafter). This presentation should not, nor should anything contained in it, form the basis of, or be relied upon in any connection with any offer, contract, commitment or investment decision whatsoever and it does not constitute a recommendation regarding the Units.

The past performance of KIT is not necessarily indicative of its future performance. Certain statements made in this presentation may not be based on historical information or facts and may be "forward-looking" statements due to a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, competition from similar businesses and governmental and public policy changes, and the continued availability of financing in the amounts and terms necessary to support future business. Such forward-looking statements speak only as of the date on which they are made and KIT does not undertake any obligation to update or revise any of them, whether as a result of new information, future events or otherwise. Accordingly, you should not place undue reliance on any forward-looking statements.

Prospective investors and unitholders of KIT ("Unitholders") are cautioned not to place undue reliance on these forward-looking statements, which are based on the current view of Keppel Infrastructure Fund Management Pte. Ltd. (as trustee-manager of KIT) (the "Trustee-Manager") on future events. No representation or warranty, express or implied, is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the information, or opinions contained in this presentation. The information is subject to change without notice, its accuracy is not guaranteed, has not been independently verified and may not contain all material information concerning KIT. The information set out herein may be subject to updating, completion, revision, verification and amendment and such information may change materially. The value of Units and the income derived from them may fall as well as rise. Units are not obligations of, deposits in, or guaranteed by, KIT, the Trustee-Manager or any of its affiliates and/or subsidiaries. An investment in Units is subject to investment risks, including the possible loss of the principal amount invested.

Investors have no right to request the Trustee-Manager to redeem their Units while the Units are listed. It is intended that Unitholders may only deal in their Units through trading on Singapore Exchange Securities Trading Limited ("SGX-ST"). Listing of the Units on SGX-ST does not guarantee a liquid market for the Units.

The information contained in this presentation is not for release, publication or distribution outside of Singapore (including to persons in the United States) and should not be distributed, forwarded to or transmitted in or into any jurisdiction where to do so might constitute a violation of applicable securities laws or regulations.

This presentation is not for distribution, directly or indirectly, in or into the United States. No Units are being, or will be, registered under the U.S. Securities Act of 1933, as amended (the "Securities Act"), or the securities laws of any state of the U.S. or other jurisdiction and no such securities may be offered or sold in the U.S. except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and any applicable state or local securities laws. No public offering of securities is being or will be made in the U.S. or any other jurisdiction outside of Singapore.

Corporate Overview

Ixom (Australia)

Overview of Keppel Infrastructure Trust

Company overview

- The largest diversified Business Trust listed in Singapore with a portfolio of strategic infrastructure assets
- Total assets of S\$5.2bn as at 30 June 2019
- Portfolio comprises nine assets across three major segments namely, (a) Distribution & Network, (b) Energy and (c) Waste & Water
- Long-term stable cash flows supported by AAA Singapore Government-linked off-takers and credit-worthy counterparties
- Sponsor: Keppel Infrastructure Holdings Pte. Ltd.⁽¹⁾

Portfolio of highly strategic assets providing industrial chemicals, utilities, power and telecoms infrastructure

1. A wholly-owned subsidiary of Keppel Corporation Limited.

2. Post merger of Keppel Infrastructure Trust and CitySpring Infrastructure Trust on 18 May 2015. AUM computed based on KIT group financial statement as at 30 June 2015 excluding KMC.

3. Post acquisition of Keppel Merlimau Cogen on 30 June 2015.

4. Post acquisition of Ixom on 19 February 2019.

Overview of Keppel Infrastructure Trust

Assets by Type (%) (as at 30 June 2019)

Assets are located in Singapore, Australia and New Zealand

1H 2019 highlights

Business Sectors

A Diversified Business Trust with a Strategic Portfolio of Infrastructure-Like Assets

Distribution & Network

Strategic infrastructure assets with potential for long-term growth supported by favourable demand dynamics

- City Gas
- Basslink
- DataCentre One
- Ixom

Energy

Stable and resilient infrastructure assets anchored by concession contracts that are backed by government and government-linked corporations

- Keppel Merlimau Cogen Plant

Waste & Water

- Senoko WTE Plant
- Tuas WTE Plant
- Ulu Pandan NEWater Plant
- SingSpring Desalination Plant

Portfolio Summary

1 City Gas

- Sole supplier of town gas in Singapore
- Customer base of more than 850,000 residential, commercial and industrial customers

2 Basslink

- Only electricity interconnector between Tasmania and mainland Australia which serves to connect electricity grids of the States of Victoria and Tasmania in Australia

3 DataCentre One

- A 200,000 sq ft highly compliant data centre facility

4 Ixom

- A leading industrial infrastructure business in Australia and New Zealand, supplying and distributing water treatment chemicals as well as industrial and specialty chemicals which are key to fundamental industries
- Sole manufacturer and provider of liquefied chlorine in Australia, as well as a leading provider of manufactured caustic soda

5 Keppel Merlimau Cogen

- A competitive gas-fired power plant in Singapore, strategically positioned to support industries in their electricity, steam supply and demineralised water requirements
- Strong operating track record of efficiency and reliability

6 Senoko WTE Plant

- 1 of 4 waste incineration plants in Singapore
- Providing essential waste treatment for land scarce Singapore

9 SingSpring Desalination Plant

- 1 of 3 Desalination plants in Singapore
- Responsible for meeting the water demands of Singapore's residential, industrial and commercial sectors

8 Keppel Seghers Ulu Pandan NEWater Plant

- 1 of 5 NEWater plants in Singapore
- Responsible for meeting the water demands of Singapore's residential, industrial and commercial sectors

7 Keppel Seghers Tuas WTE Plant

- 1 of 4 waste incineration plants in Singapore
- Providing essential waste treatment for land scarce Singapore

Strong Visibility of Recurring Cash Flows Supported by Credit-Worthy Counterparties

Assets/Businesses	% of distributable cash flows (1H 2019) ⁽¹⁾	Counterparty	Highlights

Competitive Strengths

Senoko Waste-to-Energy Plant
(Singapore)

Competitive Strengths

① Singapore-listed infrastructure-focused investment vehicle underpinned by a large and well-diversified portfolio

② Provides essential products and services to customers

⑦ Experienced board and management team with strong alignment in delivering long-term value

③ Balanced portfolio comprising both concessions-based assets and going-concern businesses with long-term growth prospects

⑥ Prudent leverage, diversified sources of funding and non-recourse asset level debt

④ Proven track record of delivering high quality, reliable and safe operations

⑤ Long-term stable cash flows supported by AAA Singapore Government-linked off-takers and creditworthy counterparties

Keppel Infrastructure Trust

1 Singapore-Listed Infrastructure-Focused Investment Vehicle Underpinned by a Large and Well-Diversified Portfolio

KIT's distributable cash flows are diversified across the three segments of Distribution & Network, Energy and Waste & Water

Distribution & Network

68%

of total assets⁽¹⁾

43%

of distributable cash flows⁽²⁾

Energy

20%

of total assets⁽¹⁾

22%

of distributable cash flows⁽²⁾

Waste & Water

12%

of total assets⁽¹⁾

35%

of distributable cash flows⁽²⁾

1. Refers to KIT's share in the respective assets as at 30 June 2019.

2. % of distributable cash flows breakdown excludes "Others", which accounts for negative \$9.7m, for 1H 2019. KIT is not dependent on Basslink's cash flows for distributions.

Provides Essential Products and Services to Customers

Distribution & Network

- City Gas is the **sole supplier of town gas in Singapore**. City Gas serves over 850,000 customers in Singapore and holds the sole license from the Energy Market Authority of Singapore (EMA) to produce and retail town gas
- Basslink is the **only electricity interconnector between Tasmania and mainland Australia** which serves to connect electricity grids of the States of Victoria and Tasmania in Australia
- Ixom supplies and distributes key chemicals for **fundamental industries** in Australia and New Zealand with favourable long-term industry growth trends

Energy

- The **Keppel Merlimau Cogen (KMC)** plant is a competitive gas-fired power plant in Singapore
- Strategically located at the Tembusu sector of **Jurong Island** to support the surrounding industries in their electricity, steam supply and demineralised water requirements
- KMC receives availability and capacity based payments under a **15-year contract with Keppel Electric Pte Ltd**

Waste & Water

- KIT owns two of four waste incineration plants in Singapore, as well as two of eight⁽¹⁾ water treatment plants in Singapore, providing integral waste and water treatment services
- Key customers include the **Public Utilities Board (PUB)**, Singapore's national water agency, as well as the **National Environmental Agency of Singapore (NEA)**

Balanced Portfolio Comprising Both Concessions-Based Assets and Going-Concern Businesses with Long-Term Growth Prospects

Ixom

- Long term recurring cash flows with growth

City Gas

- Long term recurring cash flows with growth

Basslink

- Service agreement with Hydro Tasmania until 2031 (option for 15-year extension)

DataCentre One

- Lease agreement with 1-Net until 2036 (option for 8-year extension)

Keppel Merlimau Cogen

- Capacity Tolling agreement with Keppel Electric until 2030; land lease until 2035

Senoko WTE Plant

- Concession with NEA until 2024

Keppel Seghers Tuas WTE Plant

- Concession with NEA until 2034

Keppel Seghers Ulu Pandan NEWater Plant

- Concession with PUB until 2027

SingSpring Desalination Plant

- Concession with PUB until 2025; land lease until 2033

Ixom and City Gas are evergreen businesses with recurring defensive cash flows supported by market-leading positions in industries providing essential products and services with the potential for long-term growth

Businesses in the Energy and Waste & Water segments benefit from long-term stable cash flows supported by contracts from AAA Singapore Government-linked off-takers and creditworthy counterparties

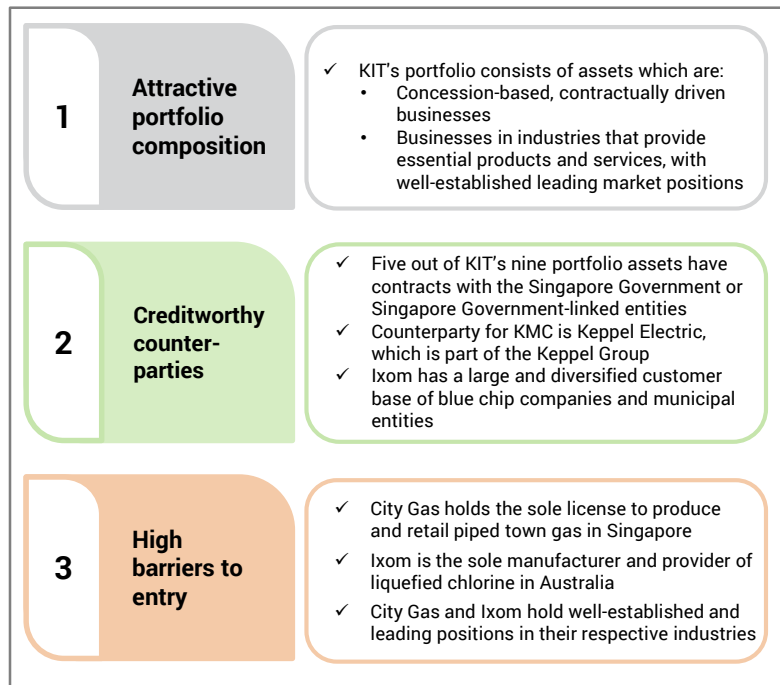

4 Proven Track Record of Delivering High Quality, Reliable and Safe Operations

Distribution & Network	City Gas	<ul style="list-style-type: none"> Continued to maintain 100% production availability in 2018 and 1H 2019 	✓
	DataCentre One	<ul style="list-style-type: none"> Fulfilled all contractual performance requirements in 2018 and 1H 2019 	✓
	Ixom	<ul style="list-style-type: none"> Performance on track with projected targets 	✓
Energy	KMC	<ul style="list-style-type: none"> Achieved 98.9% contractual availability in 2018⁽¹⁾ and fulfilled all contractual obligations in 1H 2019 	✓
Waste & Water	Senoko WTE Plant	<ul style="list-style-type: none"> KIT's Waste & Water businesses fulfilled all contractual obligations in 2018 and 1H 2019 and received full availability payments every year since the commencement of commercial operations 	✓
	Keppel Seghers Tuas WTE Plant		
	Keppel Seghers Ulu Pandan NEWater Plant		
	SingSpring Desalination Plant		

Long-term Stable Cash Flows Supported by AAA Singapore Government-Linked Off-takers and Creditworthy Counterparties

Combination of long-term contracts with high credit quality off-takers along with high barriers to entry ensure a visible path for long-term cash flows and growth going forward

Portfolio characteristics

Stable, recurring cash flow generation

6 Prudent Leverage, Diversified Sources of Funding and Non-Recourse Asset Level Debt

Capital management strategy

Targets an optimal cost of capital supported by a capital structure that is sustainable across economic cycles

Strives for primarily non-recourse debt at each underlying business and a reasonable level of gearing at the Trust level

Access to different sources of funding

Access to a diverse range of financing options in the banking, multi-lateral, institutional, high net worth and retail markets with a demonstrable track record

Able to leverage upon Keppel Group and Keppel Capital's extensive network and relationships

Recourse/non-recourse debt

Group Consolidated Net Debt/Assets

7 Experienced Board and Management Team with Strong Alignment in Delivering Long-Term Value

Management Team

Matthew Pollard
Chief Executive Officer

28yrs

- ✓ Responsible for determining the strategy of KIT and overseeing its execution along with members of the Trustee-Manager's management team
- ✓ Extensive experience in investment banking, direct investments and entrepreneurship, with high involvement in energy, power, renewables and infrastructure

Apurv Choudhary
Head, Investments

18yrs

- ✓ Responsible for identification, origination, execution, as well as management of investments to implement the growth strategy of KIT
- ✓ Highly experienced in senior investment banking and principal investment roles with extensive involvement in the infrastructure sector across the Asia Pacific region

Eric Ng
Head, Finance

18yrs

- ✓ Responsible for KIT's financial and reporting functions, including accounting, taxation, treasury and compliance
- ✓ Highly experienced in handling similar roles in large infrastructure companies with strong involvement in group reporting, corporate finance, financial control, corporate tax and treasury verticals

Marc Liu
Head, Asset Management

20yrs

- ✓ Responsible for development and implementation of asset management plans to ensure high operational performance and also execution of asset enhancement and upgrading projects
- ✓ Extensive experience in investment and business development roles in infrastructure and utility companies

- 1 **Significant industry experience**
- 2 **Extensive local and international markets knowledge**
- 3 **Robust track record in managing infrastructure operations**

Driving Sustainable Growth

KIT's long-term strategic goal is to deliver sustainable returns to its Unitholders, through a combination of recurring distributions and steady capital appreciation

Anchored

By a growing portfolio of strategic infrastructure assets/businesses across a broad range of highly defensive industries

Benchmarks

Long-term, mature and defensive cash flows

Creditworthy off-takers and/or a large, diversified and stable customer base

Jurisdictions with well-developed legal framework

High barriers to entry with a dominant or leading market position

Provider of essential products or services with potential for long-term growth

Appendix

Tuas Waste-to-Energy Plant
(Singapore)

Three-pronged Growth Strategy

The Trustee-Manager will harness the synergies of our three-pronged growth strategy to deliver on its goal towards long-term value creation.

Stable cash flows and organic growth

The Trustee-Manager actively manages its existing portfolio to drive operational and capital efficiencies, and achieve organic growth. The Trustee-Manager's approach encompasses the following:

- Optimise operational performance and efficiencies, fulfill contractual requirements, and uphold safety and environmental standards;
- Leverage organic growth opportunities and potential upsides for businesses such as City Gas and Ixom, whose growth is underpinned by favourable long-term demand trends; and
- Optimise capital structure while maintaining prudent financial leverage and sufficient financial flexibility for KIT's underlying businesses.

Keppel Synergy

The Trustee-Manager, as part of the Keppel Group, is able to draw upon the relationships, networks, origination capabilities, and technical and operational expertise of the Group, including:

- Leveraging the Keppel Group's network in deal origination, including sourcing assets and having rights of first refusal over the assets of KIHPL, depending on their suitability and fit with the investment objectives of KIT;
- Capitalising on synergies with other businesses of Keppel Group who are better positioned to take on development and construction risks and KIT would evaluate those investment opportunities once the assets are operational;
- Tapping into the operational and technical excellence of the Keppel Group, including that of KIT's sponsor, KIHPL, in creating value from businesses in KIT's portfolio as well as in evaluating new investment opportunities;
- Accessing the larger investor base of Keppel Capital in further diversifying the sources of financing for KIT and its underlying businesses, including for co-investments, bridge financing, and other types of senior and mezzanine financing; and
- Sharing of best practices and enhancing talent recruitment and retention.

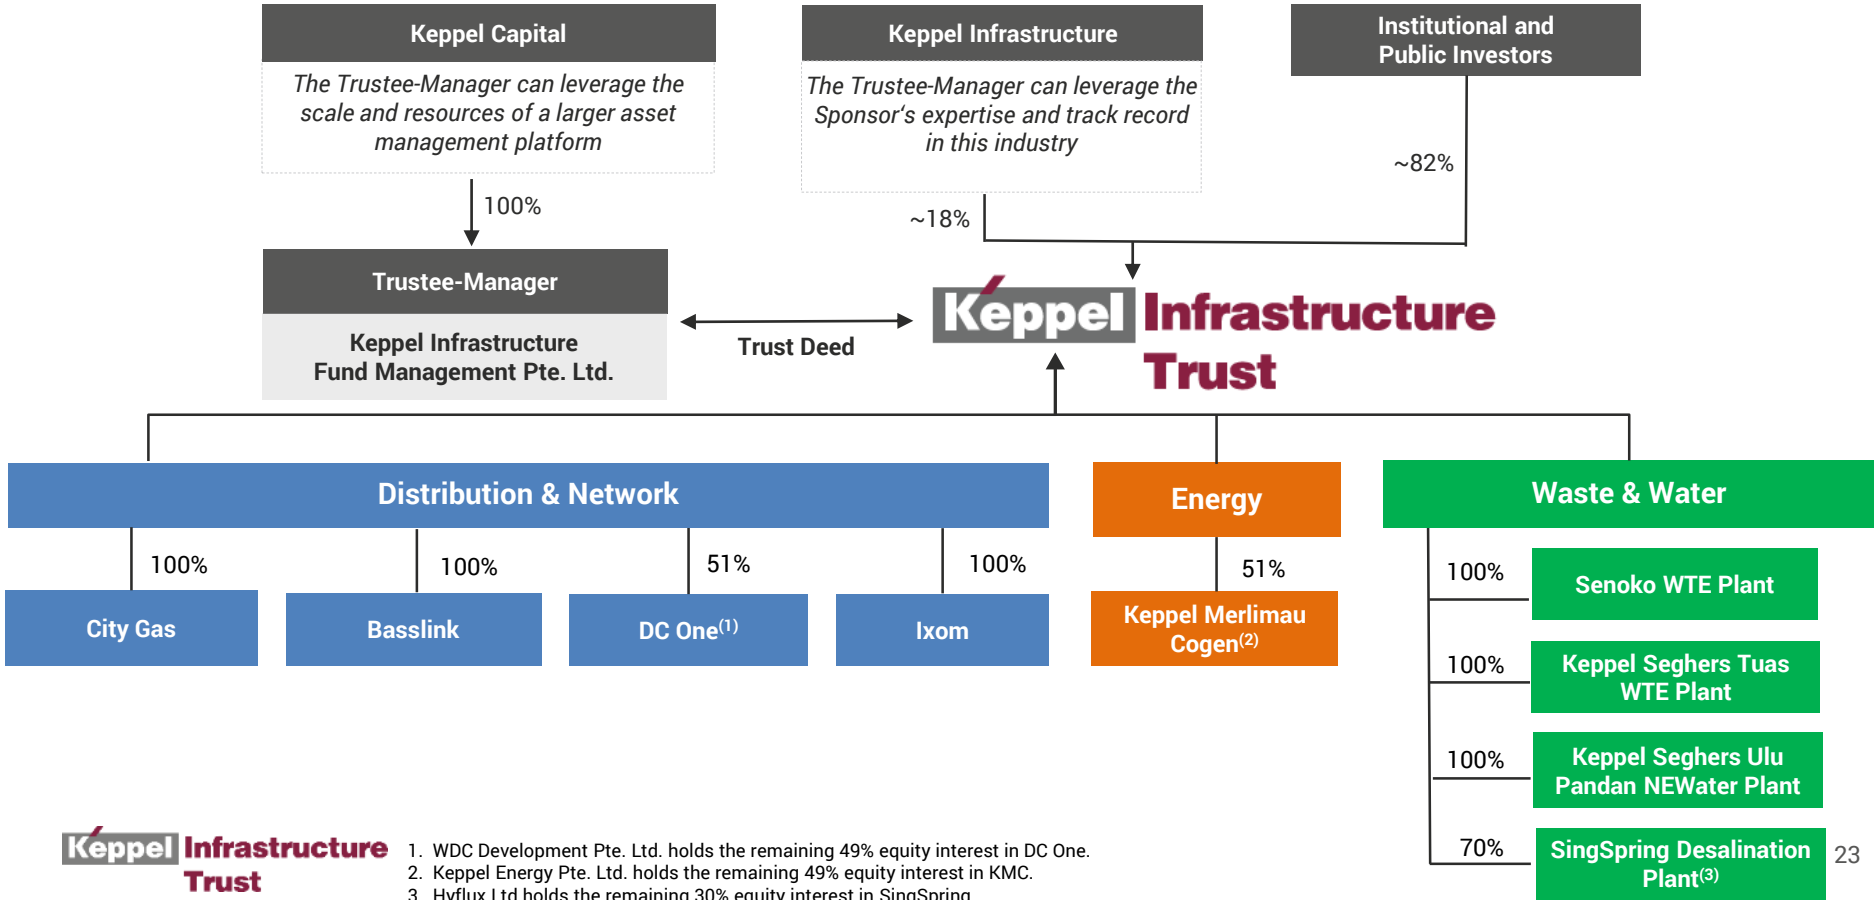

Acquisition Strategy

The Trustee-Manager acquires and invests in good quality infrastructure and infrastructure-like businesses that generate long-term stable cash flows with potential for growth. The investments that the Trustee-Manager focuses on have one or more of the following characteristics:

- Credit-worthy off-takers or a large, diversified and stable customer base;
- Inflation and/or GDP-linked revenues;
- Mature and defensive cash flows;
- High barriers to entry;
- Dominant or leading market position;
- Provider of essential products or services; and
- Infrastructure-like risk profile.

Further, the Trustee-Manager will selectively consider investments in greenfield infrastructure opportunities with experienced operators and limited construction exposure, as well as customised sale and leaseback and hybrid transaction structures.

Keppel Infrastructure Trust Structure

1. WDC Development Pte. Ltd. holds the remaining 49% equity interest in DC One.
 2. Keppel Energy Pte. Ltd. holds the remaining 49% equity interest in KMC.
 3. Hyflux Ltd holds the remaining 30% equity interest in SingSpring.

		Description	Customer and contract terms	Primary source of cash flows
